

**Marine Biology of the Yorkshire Coast:  
Chronological Bibliography of items published in *The Naturalist*  
Journal of the Yorkshire Naturalists' Union  
1881 to 2010**

**1881-1882**

- Bunker, T. (1881-82) Bottle-nosed Dolphin at Goole. *The Naturalist* **7**: 66.  
Clarke, W.E. (1881-82) Torpedo (*Torpedo hebatens*) on the Yorkshire coast. *The Naturalist* **7**: 167.  
Dobrée, N.F. (1881-82) Banks' Oarfish and Deal Fish at Bridlington. *The Naturalist* **7**: 185.

**1882- 1883**

- Bunker, T. (1882-83) Bottle-nosed dolphin. *The Naturalist* **8**: 86.  
Roebuck, W.D. (1882-83) Yorkshire Naturalists' Union at Filey 11 June 1882. *The Naturalist* **8**: 189-192.

**1883-1884**

- Dobrée, N.F. (1883-84) Late Mackerel and Herring on Yorkshire coast. *The Naturalist* **9**: 89.  
Dobrée, N.F. (1883-84) Banks' Oarfish. *The Naturalist* **9**: 151.

**1884-1885**

- Bunker, T. (1884) Capture of a Rudolphi's Rorqual (*Balaenoptera borealis*) at Goole. *The Naturalist* **10**: 87-88.  
Cordeaux, J. (1884) The Spurn. *The Naturalist* **10**: 1-8.  
Cordeaux, J. (1884) Oarfish at Flamborough. *The Naturalist* **10**: 43.  
Hey, W.C. (1884) The Marine Shells of Yorkshire. *The Naturalist* **10**: 25-31.  
Roebuck, W.D. (1884) The Yorkshire Naturalists' Union at Spurn Point. *The Naturalist* **10**: 92-93.

**1885**

- Bailey, M. (1885) Ballan Wrass at Flamborough. *The Naturalist* **10**: 257.  
Birks, T. (1885) Grampus (*Orca gladiator*) in the Humber. *The Naturalist* **10**: 386.  
Hey, W.C. (1885) Marine Shells of Yorkshire. *The Naturalist* **10**: 129-133.  
Hey, W.C. (1885) The Yorkshire Naturalists' Union at Whitby 3 August 1885. *The Naturalist* **10**: 348-350.  
Masse, G. (1885) Marine Algae of the Scarborough District. *The Naturalist* **10**: 300-306.  
Roebuck, W.D. (1885) Bibliography of 1884: Part iv – Fishes. *The Naturalist* **10**: 253-257.  
Southwell, T. and Clarke, W.E. (1885) On the occurrence of Sowerby's Whale (*Mesoplodon bidens*) on the Yorkshire Coast. *The Naturalist* **10**: 385-386.

## 1886

- Bailey, M. (1886) Doree at Flamborough. *The Naturalist* **11**: 278.
- Bailey, M. (1886) The Rocks at Flamborough. *The Naturalist* **11**: 347.
- Bunker, T. (1886) Goole Fish-notes. *The Naturalist* **11**: 81.
- Bunker, T. (1886) Fishes observed near Goole. *The Naturalist* **11**: 309.
- Cockerell, T.D.A. (1886) Marine shells at Whitby. *The Naturalist* **11**: 78.
- Hey, W.C. (1886) Flamborough Head. *The Naturalist* **11**: 161-162.
- [Hey, W.C.] (1886) The Yorkshire Naturalists' Union at Flamborough Head. *The Naturalist* **11**: 216-219.
- Kropf, L. (1886) Spurn Head. *The Naturalist* **11**: 279.
- Phillips, J.H. (1886) Grey Mullet near Scarborough. *The Naturalist* **11**: 309.
- Roebuck, W.D. (1886) Bibliography: Mollusca 1884-5. *The Naturalist* **11**: 144-149.
- Roebuck, W.D. (1886) Bibliography: Fishes, 1885. *The Naturalist* **11**: 242-244.
- Smart, E.H. (1886) *Galathea strigosa* on the Yorkshire coast. *The Naturalist* **11**: 339.
- Stephenson, T. (1886) Whitby Fish-notes. *The Naturalist* **11**: 81.
- Stephenson, T. (1886) Porpoise near Whitby. *The Naturalist* **11**: 278.
- Stephenson, T. (1886) Whitby Fish-notes. *The Naturalist* **11**: 278.
- Stephenson, T. (1886) Whitby-notes: Mammalia. *The Naturalist* **11**: 339.

## 1887

- Clarke, W.E. (1887) The 'Pinky' or 'Scaley' of the Yorkshire Esk. *The Naturalist* **12**: 274.
- Hey, W.C. (1887) Notes on *Decapodous crustacea* found at Redcar. *The Naturalist* **12**: 85-86.
- Roebuck, W.D. (1887) Yorkshire Naturalists' Union: Annual Meeting at Dewsbury. *The Naturalist* **12**: 143-147. [Ref. to formation of Marine Zoology Committee].
- Smart, E.H. (1887) Occurrences of Banks' Oar-fish, the Sun-fish and the Opah on the Yorkshire and Durham coasts. *The Naturalist* **12**: 227-228.
- Stephenson, T. (1887) Whitby Fish-notes. *The Naturalist* **12**: 38.
- Stephenson, T. (1887) Whitby Fish-notes. *The Naturalist* **12**: 299.
- Stephenson, T. (1887) Fish-notes from Whitby. *The Naturalist* **12**: 354.
- Stephenson, T. and Day, F. (1887) Occurrence of *Pagellus acarne* at Whitby. *The Naturalist* **12**: 352.

## 1888

- Anon. [Davis, J.P.A. ] (1888) Yorkshire Naturalists' Union: 26th Annual Report: Marine Zoology Committee. *The Naturalist* **13**: 118.
- Bailey, M. (1888) Whale at Flamborough. *The Naturalist* **13**: 114.
- Cockerill, T.D.A. (1888) Notes of England Specimens in the British Collections at the British Museum. *The Naturalist* **13**: 227-231.
- Cordeaux, J. (1888) Three-bearded Rockling in the North Sea. *The Naturalist* **13**: 24.

## 1889

- Bailey, M. (1889) Seal at Flamborough. *The Naturalist* **14**: 322.
- Cordeaux, J. (1889) Muller's Topknot off the Yorkshire coast. *The Naturalist* **14**: 356.
- Davis, J.P.A. (1889) Marine Zoology (*Rhombos punctatus*) (p. 232) in Knubley, E.P. (ed.) Yorkshire Naturalists' Union at Robin Hood's Bay. *The Naturalist* **14**: 227-232.
- Stephenson, T. (1889) Anchovies (*Engraulis encrosicholus*) at Whitby. *The Naturalist* **14**: 324.
- Roebuck, W.D. (1889) Bibliography: Mammalia 1886 and 1887. *The Naturalist* **14**: 115-127.

## 1890

- Anon. [Davis, J.P.A. ] (1890) YNU Annual Report for 1889: Marine Zoology Committee *The Naturalist* **15**: 139 & 143.
- Bailey, M. (1890) Seal at Flamborough. *The Naturalist* **15**: 304.
- Cordeaux, J. (1890) Occurrence of the Short Sunfish (*Orthogoriscus mola*) and Torpedo (*Torpedo hebatens*) off the east coast. *The Naturalist* **15**: 42.
- Davis, J.P.A. (1890) Report of the Yorkshire Marine Zoology Committee; Presented to the YNU 20 Nov. 1899. *The Naturalist* **15**: 3-4.
- Nelson, T.H. (1890) Whale at the Tees Mouth. *The Naturalist* **15**: 228.
- Roebuck, W.D. (1890) Lamprey (*Pteromyzon marinus*) at Flamborough. *The Naturalist* **15**: 166.
- Stephenson, T. (1890) Three-bearded Rockling (*Motella tricirrata*) off Whitby. *The Naturalist* **15**: 258.
- Stephenson, T. (1890) Sting Ray (*Trygon pastinaca*) at Whitby. *The Naturalist* **15**: 261.

## 1891

- Bailey, M. (1891) Flamborough Bird Notes [inc. Whales]. *The Naturalist* **16**: 372.
- Davis, J.P.A. (1891) Marine Zoology Committee report (p.294) in Wait, E.R. (ed.) The Yorkshire Naturalists' Union at Hayburn Wyke 11 July 1898. *The Naturalist* **16**: 293-295.
- Roebuck, W.D. (1891) Bibliography: Fishes 1886-1888. *The Naturalist* **16**: 27-37.
- Roebuck, W.D. (1891) Bibliography: Mammalia 1888. *The Naturalist* **16**: 253-259.
- Stephenson, T. (1891) Fishes captured off Whitby: September to October 1891. *The Naturalist* **16**: 337-338.
- Wait, E.R. (1891) Fishes observed by The Yorkshire Naturalists' Union at Hayburn Wyke 11 July 1898. *The Naturalist* **16**: 286-287.

## 1892

- Cordeaux, J. (1892) Occurrence of the Common Rorqual or Finner, in the Humber. *The Naturalist* **17**: 187-188.
- Davis, J.P.A. (1892) Yorkshire Marine Zoology Committee (p. 94-95) in Waite, E.G. (ed.) Yorkshire Naturalists' Union Annual Report for 1891. *The Naturalist* **17**: 91-95.
- Davis, J.P.A. (1892) Yorkshire Marine Zoology Committee (p. 98) in Waite, E.G. (ed.) Yorkshire Naturalists' Union Annual Meeting at Scarborough. *The Naturalist* **17**: 96-102.

- Hey, W.C. (1892) Salt Scar, Redcar. *The Naturalist* **17**: 117-118.
- Nelson, T.H. (1892) The Tadpole Hake (*Raniceps trifurcus*) at Redcar. *The Naturalist* **17**: 154.
- Nelson, T.H. (1892) Halibut (*Hippoglossus vulgaris*) at Redcar. *The Naturalist* **17**: 268.
- Norman, A.M. (1892) Rare Crustacea on the Yorkshire coast. *The Naturalist* **17**: 175-176.
- Stephenson, T. (1892) Fishes captured near Whitby in October 1891. *The Naturalist* **17**: 23-26.
- Vine, G.R. (1892) Notes on Polyzoa found at Cleethorpes in 1875, 1879 and 1882. *The Naturalist* **17**: 5-11.

### 1893

- Bailey, M. (1893) Codfish and its appetite. *The Naturalist* **18**: 210.
- Bailey, M. (1893) *Phoca vitulina* at Flamborough. *The Naturalist* **18**: 304.
- Cordeaux, J. (1893) Food of Cod off the Yorkshire coast. *The Naturalist* **18**: 205.
- Cordeaux, J. (1893) Opah or Kingfish at Easington. *The Naturalist* **18**: 304.
- Nelson, T.H. and Clarke, W.E. (1893) *Scorpaena dactylopt* on the Yorkshire coast: an addition to the fauna of the British North Sea area. *The Naturalist* **18**: 81.
- Roebuck, W.D. (1893) Bibliography: Mammalia 1889 to 1891. *The Naturalist* **18**: 59-74.

### 1894

- Cordeaux, J. (1894) Notes on Zoophytes: *Alcyonium digitatum* on the Yorkshire coast. *The Naturalist* **19**: 15.
- Cordeaux, J. (1894) Cuttle fish on the Flamborough coast. *The Naturalist* **19**: 43.
- Bailey, M. (1894) Cuttle fish at Flamborough. *The Naturalist* **19**: 60.
- Roebuck, W.D. (1894) *Limax cinerioniger* and other slugs at Hayburn Wyke. *The Naturalist* **19**: 335.
- Roebuck, W.D. (1894) Bibliography: Echinodermata 1884 to 1892. *The Naturalist* **19**: 363-367.
- Stephenson, T. (1894) Flying fish off Whitby. *The Naturalist* **19**: 283.

### 1895

- Grabham, O. (1895) Notes on the lesser known fish observed in the Scarborough District during the last two years. *The Naturalist* **20**: 177-179.
- Roebuck, W.D. (1895) Bibliography: Coelenterata 1884 to 1892. *The Naturalist* **20**: 151-158 & 189-200.

### 1896

- Grabham, O. (1896) Rough Notes on Marine Zoology in the Scarborough district during the last two years. *The Naturalist* **21**: 81-84.
- Roebuck, W.D. (1896) Bibliography: Marine Fishes 1889 to 1892. *The Naturalist* **21**: 17-23.
- Stephenson, T. (1896) Couch's Whiting at Whitby, an addition to the Yorkshire fauna. *The Naturalist* **21**: 173.
- Stephenson, T. (1896) Natural History notes from Whitby May 1894 to May 1896. *The Naturalist* **21**: 233-239.

### 1897

Petty, S.L. (1897) Polyzoa and Hydrozoa at Filey. *The Naturalist* **22**: 275-276.

### 1898

Nelson, T.H. (1898) Sunfish at Redcar. *The Naturalist* **23**: 372.

Roebuck, W.D. (1898) Bibliography: Mammalia 1893. *The Naturalist* **23**: 61-71.

Stephenson, T. (1898) Natural history notes from Whitby May 1896 to February 1898.  
*The Naturalist* **23**: 201-206.

Watson, A.T. (1898) Marine Zoology (p. 111) in Halwell, J. (ed.) The Yorkshire Naturalists' Union at Staithes. *The Naturalist* **23**: 105-111.

### 1899

Petty, S.L. (1899) Early notices of Yorkshire Hydrozoa. *The Naturalist* **24**: 366.

### 1900

Braim, J. (1900) Notes on Marine Mollusca: *Acmæa testudinalis* on the Yorkshire coast.  
*The Naturalist* **25**: 367.

Petty, S.L. (1900) Some Whitby Polyzoa etc. *The Naturalist* **25**: 115-116.

### 1901

Fawcett, J.W. (1901) Octopus on the Cleveland Coast. *The Naturalist* **26**: 4.

Hey, W.C. (1901) *Trochus zizyphius* var. *lyonsii* on the Yorkshire coast. *The Naturalist* **26**:157.

Hey, W.C. (1901) *Acmæa testudinalis* on the Yorkshire coast. *The Naturalist* **26**:157.

Mills, F.W. (1901) Foraminifera found in a gathering of sand from Bridlington. *The Naturalist* **26**: 158.

Petty, S.L. (1901) Polyzoa and Marine Algae from the Scarborough Neighbourhood.  
*The Naturalist* **26**: 15.

Stephenson, T. (1901) Natural History Notes from Whitby: February 1898 to November 1900.  
*The Naturalist* **26**: 5-15.

### 1902

Hey, W.C. (1902) Big Waves on the Yorkshire Coast. *The Naturalist* **27**:372.

Lebour, M.V. (1902) Marine Mollusca of Sandsend. *The Naturalist* **27**:171-172.

Sheppard, T. (1902) Large crab at Withernsea. *The Naturalist* **27**: 372.

Smith, A. (1902) Spiny Lobster off Flamborough. *The Naturalist* **27**: 210.

### 1903

Boynton, T. (1903) Seal at Ulrome. *The Naturalist* **28**: 61.

Hey, W.C. (1903) Molluscs: Yorkshire Fusi. *The Naturalist* **28**: 128.

Hey, W.C. (1903) Shore Collecting near Scarborough and Filey. *The Naturalist* **28**: 344-348.

Nelson, T.H. (1903) Common Seal at Teesmouth. *The Naturalist* **28**: 61.

Petch, T. (1903) Marine Biology (p. 251) in Sheppard, T. (ed.) Yorkshire Naturalists at Filey 30 May- 1 June 1903. *The Naturalist* **28**: 241-251 and plate VIIa .

Petch, T. (1903) Marine Zoology at Filey. *The Naturalist* **28**: 351-352.

Sorby, H.C. (1903) On the Preservation of Marine Animals. *The Naturalist* **28**. 437-440.

#### 1904

Allanson-Winn, R.G. (1904) The Sea's Encroachment on the East Coast. *The Naturalist* **29**: 305-308.

Blashill, T. (1904) Changes in Spurn Point and their Bearing on the site of Ravenser. *The Naturalist* **29**: 264-268.

Norman, A.M. (1904) Crustacea: *Euthemisto compressa* at Redcar. *The Naturalist* **29**: 159.

Petch, T. (1904) Shore Collecting at Withernsea, etc. *The Naturalist* **29**: 19-22.

Petch, T. (1904) Crustacea: *Euthemisto compressa* (Goës) on the Holderness Coast. *The Naturalist* **29**: 158-159.

Petch, T. (1904) Crustacea at Withernsea. *The Naturalist* **29**: 285.

Sheppard, T. (1904) Yorkshire Naturalists at Spurn. *The Naturalist* **29**: 233-238.

#### 1905

Audas, R.S. (1905) A Whale Hunt in Yorkshire. *The Naturalist* **30**: 333-334.

Bunker, T. (1905) Note on the Occurrence of the Beluga or White Whale in the Ouse. *The Naturalist* **30**: 167-168.

Wheeler, W.H. The High Tides on the East Coast. *The Naturalist* **30**: 335-336.

#### 1906

Sheppard, T. (1906) Yorkshire Naturalists at Flamborough 2-4 June 1906. *The Naturalist* **31**: 240-248 (Plate XX).

#### 1907

Booth, H.B. (1907) Short-finned Tunny landed at Grimsby. *The Naturalist* **32**: 29-30.

Booth, H.B. and Fortune, R. (1907) Vertebrate Section (p. 251-252 + Plate XXX) in Sheppard, T. (ed.) Yorkshire Naturalists at Robin Hood's Bay 18-20 May 1907. *The Naturalist* **32**: 250-255.

Sheppard, T. (1907) Notes on a large Basking Shark at Redcar. *The Naturalist* **32**: 10 (Plate III).

Sheppard, T. (1907) Young seal at Speeton Cliffs. *The Naturalist* **32**: 365.

Stephenson, T. (1907) Fox-shark at Whitby. *The Naturalist* **32**: 273.

Stephenson, T. (1907) Large Sunfish at Whitby. *The Naturalist* **32**: 375.

Stephenson, T. (1907) Fishes at Whitby. *The Naturalist* **32**: 403-404.

Woods, F.H. (1907) Marine mollusca (p. 201-202) in Sheppard, T. (ed.) Yorkshire Naturalists at Robin Hood's Bay 18-20 May 1907. *The Naturalist* **32**: 198-202.

### 1908

Hoyle, W.E. (1908) A large Squid [*Stenoteuthis pteropus*] at Redcar. *The Naturalist* **33**: 132-133.

Woods, F.H. (1908) Marine mollusca (p. 308) in Sheppard, T. (ed.) Hornsea: Its Mere and Coastline. *The Naturalist* **33**: 302-310

Thompson, J. (1908) Marine Zoology: Zoophytes in the Humber. *The Naturalist* **33**: 454.

### 1909

Sheppard, T. (1909) Natural History of Runswick. *The Naturalist* **34**: 309-313.

Thompson, J. (1909) Zoophytes in the Humber. *The Naturalist* **34**: 38.

### 1910

Clarke, W.J. (1910) Rare Fishes on the Yorkshire Coast. *The Naturalist* **35**: 127-128.

Irving, J. (1910) Nemertine within Test of Sea-urchin. *The Naturalist* **35**: 6.

Richie, J. (1910) Worm parasitic in Sea-Urchin. *The Naturalist* **35**: 94.

Moor, A.J. (1910) Marine Mollusca (p. 344) in Sheppard, T. (ed.) The Natural History of Spurn. *The Naturalist* **35**: 341-345.

Woods, F.H. (1910) Marine Biology Committee. *The Naturalist* **35**: 56-60.

Woods, F.H. (1910) Marine Biology at Redcar. *The Naturalist* **35**: 408-410.

### 1911

Clarke, W.J. (1911) Yorkshire Naturalists' Union Annual Report for 1910: Marine Fishes. *The Naturalist* **36**: 51.

Grabham, O. (1911) Bottle-nosed Whale at Spurn. *The Naturalist* **36**: 137.

Hutton, W.H. (1911) The Boring Habits of *Pholas*. *The Naturalist* **36**: 423-424.

Irving, J. (1911) Anemones on the Yorkshire Coast. *The Naturalist* **36**: 246.

Irving, J. (1911) Marine Biology at Scarborough. *The Naturalist* **36**: 327-328.

Woods, F.H. (1911) Yorkshire Naturalists' Union Annual Report for 1910: Marine Biology. *The Naturalist* **36**: 57-58.

Woods, F.H. (1911) Marine Biological Meeting at Scarborough. *The Naturalist* **36**: 420-423.

### 1912

Clarke, W.J. (1912) *Cottus bubalis* at Scarborough. *The Naturalist* **37**: 191.

Irving, J. (1912) The Boring Habits of the *Pholas*. *The Naturalist* **37**: 45-46.

Watson, A.T. (1912) Marine Biology at Scarborough. *The Naturalist* **37**: 9.

Woods, F.H. (1912) Yorkshire Naturalists' Union Annual Report for 1911: Marine Biology.  
*The Naturalist* **37**: 25.

Woods, F.H. (1912) *Adeorbis subcarinatus* at Scarborough. *The Naturalist* **37**: 361.

Woods, F.H. (1912) Marine Biology (p. 216-217) in W.E.L.Wattam (ed.) Yorkshire Naturalists at Bridlington. *The Naturalist* **37**: 210-218.

Woods, F.H. (1912) Yorkshire Marine Biology Committee at Robin Hood's Bay – Oct. 12-14. *The Naturalist* **37**: 368-370.

### 1913

Hutton, W.H. (1913) The Boring Habits of Pholas. *The Naturalist* **38**: 229.

Irving, J. (1913) *Lucernaria* at Scarborough. *The Naturalist* **38**: 248-250.

Woods, F.H. (1913) Yorkshire Naturalists' Union Annual Report for 1912: Marine Biology.  
*The Naturalist* **38**: 81.

Woods, F.H. (1913) Marine Biology at Filey. *The Naturalist* **38**: 364-367.

### 1914

Audas, T. (1914) Edible Crabs at Bridlington. *The Naturalist* **39**: 386.

Clarke, W.J. (1914) Yorkshire Naturalists' Union Annual Report for 1913: Mammals, Reptiles, Amphibians and Fishes Committee. *The Naturalist* **39**: 26-27.

Clarke, W.J. (1914) Electric Ray at Filey. *The Naturalist* **39**: 244.

Sheppard, T. (1914) Record of Sunfish (*Orthogoriscus mola*) in the Humber in 1815.  
*The Naturalist* **39**: 192.

Woods, F.H. (1914) Rare Shells at Filey. *The Naturalist* **39**: 130.

Woods, F.H. (1914) Marine Biology at Whitby. *The Naturalist* **39**: 358-359.

Nelson, T.H. (1914) White-beaked Dolphin at Redcar. *The Naturalist* **39**: 231.

### 1915

Woods, F.H. (1915) Yorkshire Naturalists' Union Annual Report for 1914: Marine Biology.  
*The Naturalist* **40**: 40.

Sheppard, T. (1915) News from the Magazines: *Trochus occidentalis* off Withernsea.  
*The Naturalist* **40**: 275.

Sheppard, T. (1915) Field Notes: Fishes – *Chimæra monstrosa*. *The Naturalist* **40**: 338.

### 1916

Irving, J. (1916) Yorkshire Naturalists' Union Annual Report for 1915: Marine Biology Committee.  
*The Naturalist* **41**: 42.

Nelson, T. (1916) The John Dory (*Zeus faber*) at Redcar. *The Naturalist* **41**: 131.

## 1917

Clarke, W.J. (1917) Ichthyological notes from the Scarborough District 1915-1916. *The Naturalist* **42**: 58-60.

Irving, J. (1917) Yorkshire Naturalists' Union Annual Report for 1916: Marine Biology Committee. *The Naturalist* **42**: 34.

## 1918

Booth, H.B. (1918) Young Grey Seal caught at Hornsea. *The Naturalist* **43**: 111.

Clarke, W.J. (1918) Yorkshire Naturalists' Union Annual Report for 1917: Mammals, Amphibians, Reptiles and Fishes. *The Naturalist* **43**: 36.

Hargreaves, J.A. and Frith, J.D. (1918) Alien Mollusca in Yorkshire. *The Naturalist* **43**: 125-126 .

Irving, J. (1918) A New Marine Departure. *The Naturalist* **43**: 277-279.

## 1919

Burnley, A.I. (1919) Marine Biology at Scarborough. *The Naturalist* **44**: 363-364.

Irving, J. (1919) Yorkshire Naturalists' Union Annual Report for 1918: Marine Biology Committee. *The Naturalist* **44**: 38-39.

## 1920

Burnley, A.I. (1920) Yorkshire Naturalists' Union Annual Report for 1919: Marine Biology Committee. *The Naturalist* **45**: 41.

Burnley, A.I. (1920) Marine Biologists at Scarborough. *The Naturalist* **45**: 363-364.

Clarke, W.J. (1920) Rare Yorkshire Fishes. *The Naturalist* **45**: 211.

## 1921

Burnley, A.I. (1921) Yorkshire Naturalists' Union Annual Report for 1920: Marine Biology Committee. *The Naturalist* **46**: 40.

Clarke, W.J. (1921) Sturgeon at Scarborough. *The Naturalist* **46**: 72.

Clarke, W.J. (1921) Common Rorqual at Scarborough. *The Naturalist* **46**: 364.

Irving, J. (1921) Marine Biology Committee at Robin Hood's Bay and Scarborough. *The Naturalist* **46**: 381-382.

Snowdon, F. (1921) Sturgeon at Whitby. *The Naturalist* **46**: 182.

## 1922

Burnley, A.I. (1922) Marine Biology at Scarborough. *The Naturalist* **47**: 394-395.

Smith, S.H. (1922) Yorkshire Naturalists' Union Annual Report for 1921: Pisces. *The Naturalist* **47**: 40.

Snowdon, F. (1922) Bonito captured at Whitby. *The Naturalist* **47**: 314.

### 1923

James, C.H. (1923) Marine Algae (p. 209-210) in Pearsall, W.H. and Mason, F.A. (eds.) Yorkshire Naturalists at Bridlington [21-23 April 1922]. *The Naturalist* **48**: 205-212.

Procter, C.F. (1923) Common Seal on the Yorkshire coast. *The Naturalist* **48**: 17.

### 1924

Irving, J. (1924) Yorkshire Naturalists' Union Annual Report for 1923: Marine Biology Committee. *The Naturalist* **49**: 74-75.

Smith, S.H. (1924) Yorkshire Naturalists' Union Annual Report for 1923: Fishes. *The Naturalist* **49**: 29.

### 1925

Clarke, W.J. (1925) Unusually large Fatherlasher [*Cottus bubalis*] at Scarborough. *The Naturalist* **50**: 122.

Clarke, W.J. (1925) Rare Rays at Scarborough. *The Naturalist* **50**: 348.

Fortune, R. (1925) Young Common Seal in Filey Bay. *The Naturalist* **50**: 271.

Fortune, R. (1925) Young Common Seal at Scarborough. *The Naturalist* **50**: 271.

Sheppard, T. (1925) A Humber Whale in 1604. *The Naturalist* **50**: 35-36.

Sheppard, T. (1925) Ray's Bream at Bridlington. *The Naturalist* **50**: 53.

Sheppard, T. (1925) Large Squid [*Stenoteuthis caroli*] on the Yorkshire Coast. *The Naturalist* **50**: 121-122.

Snowden, F. (1925) Porbeagle at Whitby. *The Naturalist* **50**: 53-54.

### 1926

Clarke, W.J. (1926) Yorkshire Naturalists' Union Annual Report for 1925: Fishes. *The Naturalist* **51**: 13.

Clarke, W.J. (1926) Rock Leech or Skate Leech (*Pontobdella muricata*) at Scarborough. *The Naturalist* **51**: 49.

Fysher, G. (1926) Conchology (p. 280-281) in Sheppard, T. (ed.) Yorkshire Naturalists at Hornsea 22-24 May 1926. *The Naturalist* **51**: 277-283..

Sheppard, T. (1926) *Galathea strigosa* Linn. on the Yorkshire Coast. *The Naturalist* **51**: 26.

Stevenson, J.A. (1926) A Blue Shark and a Sting Ray at Filey. *The Naturalist* **51**: 26.

Stevenson, J.A. (1926) Spotted Dogfish at Scarborough. *The Naturalist* **51**: 182.

Stevenson, J.A. (1926) Zoological notes from Whitby. *The Naturalist* **51**: 224.

Stevenson, J.A. (1926) Zoological notes from Scarborough. *The Naturalist* **51**: 352.

### 1927

Brunner, A.F. (1927) Some new records of Scorpæoid Fishes. *The Naturalist* **52**: 296-297.

Clarke, W.J. (1927) Yorkshire Naturalists' Union Annual Report for 1926: Fishes – Scarborough District. *The Naturalist* **52**: 55.

Clarke, W.J. (1927) Giant Squid [*Stenoteuthis caroli*] at Scarborough. *The Naturalist* **52**: 180.

Clarke, W.J. (1927) The Starry Ray (*Raia radiata*) in Yorkshire waters. *The Naturalist* **52**: 180-181.

Hargreaves, J.S. (1927) Marine Mollusca (p.178) in Mason, F.A. (ed.) Yorkshire Naturalists at Hayburn Wyke. *The Naturalist* **52**: 177-179.

Stevenson, J.A. (1927) Marine Life near Scarborough. *The Naturalist* **52**:142.

## 1928

Clarke, W.J. (1928) Killer Whale (*Orchus orca*) at Scarborough. *The Naturalist* **53**: 15-16.

Clarke, W.J. (1928) The Yorkshire Naturalists' Union Annual Report for 1927: Marine Fishes. *The Naturalist* **53**: 85.

Clarke, W.J. (1928) The recent invasion of Ray's Bream (*Brama raii*). *The Naturalist* **53**: 107-109.

Fraser-Brunner, A. (1928) British Deep-sea Fishes. *The Naturalist* **53**: 119-121.

Mason, F.A. and Pearsall, W.H. (1928) Yorkshire Naturalists at Easington and Spurn. *The Naturalist* **53**: 273-278.

Percival, E. (1928) The Yorkshire Naturalists' Union Annual Report for 1927: Marine Committee. *The Naturalist* **53**: 189.

Schlesch, H. (1928) The recent invasion of *Brama raii* Bloch. *The Naturalist* **53**: 186-187.

Sheppard, T. (1928) Ray's Bream in E. Yorks. *The Naturalist* **53**: 25.

Stevenson, J.A. (1928) Marine Zoological notes from Scarborough. *The Naturalist* **53**: 23-25.

Stevenson, J.A. (1928) Marine Zoology at Scarborough. *The Naturalist* **53**: 115-116.

Stevenson, J.A. (1928) A large Squid (*Stenoteuthis caroli*) at Scarborough. *The Naturalist* **53**: 217.

Stevenson, J.A. (1928) Yorkshire Zoology. *The Naturalist* **53**: 237-239.

Taylor, E.W. (1928) Vertebrate Zoology in Yorkshire: Yorkshire Marine Fishes [report of lecture given by W.J. Clarke]. *The Naturalist* **53**: 27-28.

## 1929

Anon. [Sheppard, T.] (1929) Northern News: A Black Conger Eel [Filey Brigg]. *The Naturalist* **54**: 160.

Bramley, W.G. (1929) The Yorkshire Naturalists' Union Annual Report for 1928: Mammals. *The Naturalist* **54**: 85.

Clarke, W.J. (1929) The Yorkshire Naturalists' Union Annual Report for 1928: Marine Fishes. *The Naturalist* **54**: 86-87.

Clarke, W.J. (1929) White Variety of the Thornback Ray at Scarborough. *The Naturalist* **54**: 392.

Clarke, W.J. (1929) Ichthyological Notes from Scarborough. *The Naturalist* **54**: 181-182.

Clarke, W.J. (1929) *Ommastrephes sagittatus* at Scarborough. *The Naturalist* **54**: 182.

Clarke, W.J. (1929) Rare Wolf-fish at Scarborough. *The Naturalist* **54**: 334.

Clarke, W.J. (1929) Red Tunny as a Yorkshire Fish. *The Naturalist* **54**: 395-396.

Robinson, G.C. (1929) Squids in Yorkshire. *The Naturalist* **54**: 103.

Sheppard, T. (1929) Malformed Claws of the Edible Crab. *The Naturalist* **54**: 30.

Sheppard, T. (1929) Yorkshire Marine Mollusca. *The Naturalist* **54**: 123.

- Sheppard, T. (1929) Tunny at Scarborough. *The Naturalist* **54**: 356.
- Snowdon, F. (1929) White-beaked Dolphin at Whitby. *The Naturalist* **54**: 376-377.
- Stevenson, J.A. (1929) Stalk-eyed Crustacea of the Yorkshire coast. *The Naturalist* **54**: 43-46.
- Stevenson, J.A. (1929) A Trawler trip off the Yorkshire coast. *The Naturalist* **54**: 71-73.
- Sutcliffe, F.M. (1929) Tubfish at Whitby. *The Naturalist* **54**: 358.

### 1930

- Anon. [Sheppard, T.] (1930) Migration of Crabs. *The Naturalist* **55**: 411-412.
- Bramley, W.G. (1930) The Yorkshire Naturalists' Union Annual Report for 1929: Mammals. *The Naturalist* **55**: 82.
- Clarke, W.J. (1929) The Yorkshire Naturalists' Union Annual Report for 1929: Marine Fishes. *The Naturalist* **55**: 83-84.
- Clarke, W.J. (1930) Giant Squid (*Sthenoteuthis caroli*) at Filey. *The Naturalist* **56**: 168.
- Clarke, W.J. (1930) White-sided Dolphin near Scarborough. *The Naturalist* **55**: 168.
- Clarke, W.J. (1930) Giant Squids in the Scarborough District. *The Naturalist* **55**: 268.
- Clarke, W.J. (1930) Variety of the Cuckoo Ray. *The Naturalist* **55**: 357.
- Clarke, W.J. (1930) Tunnies off Scarborough. *The Naturalist* **55**: 358.

### 1931

- Anon. [Sheppard, T.] (1931) Scarborough's Whale [from the Yorkshire Post]. *The Naturalist* **56**: 324.
- Bramley, W.G. (1931) Yorkshire Naturalists' Union Annual Report for 1930: Mammals. *The Naturalist* **56**: 13-14.
- Clarke, W.J. (1931) Varieties of Rays taken near Scarborough. *The Naturalist* **56**: 4.
- Clarke, W.J. (1931) The Yorkshire Naturalists' Union Annual Report for 1930: Marine Fishes. *The Naturalist* **56**: 14-15.
- Clarke, W.J. (1931) Giant Squid near Scarborough. *The Naturalist* **56**: 30.
- Clarke, W.J. (1931) Sting Ray (*Trygon pastinaca*) near Scarborough. *The Naturalist* **56**: 30.
- Clarke, W.J. (1931) Food of the Codfish. *The Naturalist* **56**: 144.
- Clarke, W.J. (1931) Uncommon Fish off the Yorkshire coast. *The Naturalist* **56**: 243.
- Clarke, W.J. (1931) Giant Squid at Scarborough. *The Naturalist* **56**: 244.
- Clarke, W.J. (1931) *Balticina finmarchica* in the North Sea. *The Naturalist* **56**: 244-245.
- Mason, F.A. and Pearsall, W.H. (1931) Yorkshire Naturalists at Filey. *The Naturalist* **56**: 368-371.
- Sheppard, T. (1931) Large Narwhal Tusk. *The Naturalist* **56**: 334.

### 1932

- Anon. [Sheppard, T.] (1932) Notes and Comments: Food of Herring. *The Naturalist* **57**: 209-210.

Clarke, W.J. (1932) The Yorkshire Naturalists' Union Annual Report for 1931: Mammals. *The Naturalist* **57**: 28.

Clarke, W.J. (1932) Yorkshire Naturalists' Union Annual Report for 1931: Marine Fishes. *The Naturalist* **57**: 28-29.

Clarke, W.J. (1932) Giant Squid at Scarborough. *The Naturalist* **57**: 110.

Clarke, W.J. (1932) Cuttle fish [*Sepia officinalis*] off the Yorkshire Coast. *The Naturalist* **57**: 152.

Clarke, W.J. (1932) *Priapulus candatus* at Scarborough. *The Naturalist* **57**: 156-157.

Clarke, W.J. (1932) Hermaphrodite Cod near Scarborough. *The Naturalist* **57**: 197.

Clarke, W.J. (1932) Rare Marine Fishes near Scarborough. *The Naturalist* **57**: 197.

Clarke, W.J. (1932) Marine Fishes taken near Scarborough. *The Naturalist* **57**: 367-368.

### 1933

Bingham, C.D. (1933) Marine Algae (p. 135) in Anon. [Mason, F.A.] (ed.) Yorkshire Naturalists at Robin Hood's Bay. *The Naturalist* **58**: 131-136.

Clarke, W.J. (1933) The Yorkshire Naturalists' Union Annual Report for 1932: Marine Fishes. *The Naturalist* **58**: 17-18.

Clarke, W.J. (1933) Saury Pike (*Scorpaenopsis scorpaena*) at Scarborough. *The Naturalist* **58**: 100-101.

Clarke, W.J. (1933) Giant Squid (new to science) at Scarborough. *The Naturalist* **58**: 157-158.

Clarke, W.J. (1933) Rare Cephalopods at Scarborough. *The Naturalist* **58**: 162.

Clarke, W.J. (1933) Ribbon fish at Robin Hood's Bay, Yorks. *The Naturalist* **58**: 162-163.

Clarke, W.J. (1933) Snake Pipefish at Scarborough. *The Naturalist* **58**: 177.

Morehouse, E.M. (1933) Conchology (p. 133) in Anon. [Mason, F.A.] (ed.) Yorkshire Naturalists at Robin Hood's Bay. *The Naturalist* **58**: 131-136.

### 1934

Bramley, W.G. (1934) Yorkshire Naturalists' Union Annual Report for 1933: Mammals. *The Naturalist* **59**: 22.

Clarke, W.J. (1934) Uncommon Marine Fishes near Scarborough. *The Naturalist* **59**: 4-5.

Clarke, W.J. (1934) Yorkshire Naturalists' Union Annual Report for 1933: Marine Fishes. *The Naturalist* **59**: 23-24.

Clarke, W.J. (1934) Yarrell's Blenny near Scarborough. *The Naturalist* **59**: 86.

Clarke, W.J. (1934) White-sided Dolphin near Scarborough. *The Naturalist* **59**: 206-207.

Clarke, W.J. (1934) Twait Shad at Scarborough. *The Naturalist* **59**: 207.

Dewberry, E.B. (1934) The Romance of the Common Edible Crab. *The Naturalist* **59**: 49-54.

Dewberry, E.B. (1934) The Life history of the Common Lobster (*Homarus gammarus*). *The Naturalist* **59**: 121-128.

Robson, G.C. (1934) *Architeuthis clarkei*, Sp.n. *The Naturalist* **59**: 57-59.

### 1935

- Clarke, W.J. (1935) Yorkshire Naturalists' Union Annual Report for 1934: Marine Fishes. *The Naturalist* **60**: 43-44.
- Clarke, W.J. (1935) Marine Zoology notes and records from Scarborough. *The Naturalist* **60**: 79-80.
- Clarke, W.J. (1935) The Occurrence of fish of the Genus *Blennius* in the abdominal cavities of Codfishes. *The Naturalist* **60**: 157-158.
- Clarke, W.J. (1935) Marine Records and Notes from Scarborough. *The Naturalist* **60**: 229-230.
- Grist, W.R. (1935) Northern News: William Bean collection of signed Conchological reprints Donated to Leeds University. *The Naturalist* **60**: 168.
- Sheppard, T. (1935) The Sibbals's Rorqual of the Hull Museum. *The Naturalist* **60**: 188-189.
- Snowden, F. (1935) The Occurrence of the White-sided Dolphin at Whitby. *The Naturalist* **60**: 17.

### 1936

- Bramley, W.G. (1936) Yorkshire Naturalists' Union Annual Report for 1935: Mammals. *The Naturalist* **61**: 36-37.
- Clarke, W.J. (1936) Yorkshire Naturalists' Union Annual Report for 1935: Marine Fishes. *The Naturalist* **61**: 38.
- Clarke, W.J. (1936) Uncommon Fishes in the Scarborough District. *The Naturalist* **61**: 116-117.
- Clarke, W.J. (1936) *Ommastrephes sagittatus* at Scarborough. *The Naturalist* **61**: 117-118.
- Dewberry, E.B. (1936) The Common Herring (*Clupea harengus* Linn.). *The Naturalist* **61**: 97-104 & 121-129.

### 1937

- Clarke, W.J. (1937) Depletion of Fish in the North Sea. *The Naturalist* **62**: 5-6.
- Clarke, W.J. (1937) Yorkshire Naturalists' Union Annual Report for 1936: North Riding – Mammals. *The Naturalist* **62**: 42-43.
- Clarke, W.J. (1937) Yorkshire Naturalists' Union Annual Report for 1936: Marine Fishes. *The Naturalist* **62**: 43.
- Clarke, W.J. (1937) Sperm Whale at Bridlington. *The Naturalist* **62**: 157-158.
- Dewberry, E.B. (1937) The Pilchard (*Clupea pilchardus* Linn.). *The Naturalist* **62**: 49-54.
- Sheppard, T. (1937) Narwhals with two tusks. *The Naturalist* **62**: 7-9.

### 1938

- Clarke, W.J. (1938) Yorkshire Naturalists' Union Annual Report for 1937: North Riding – Mammals. *The Naturalist* **63**: 28.
- Clarke, W.J. (1938) Yorkshire Naturalists' Union Annual Report for 1937: Marine Fishes. *The Naturalist* **63**: 28-29.
- Clarke, W.J. (1938) Zoological Notes from the Scarborough District. *The Naturalist* **63**: 127-128.
- Clarke, W.J. (1938) An Electric Ray at Scarborough. *The Naturalist* **63**: 200.

Clarke, W.J. (1938) Marine Fish at Scarborough. *The Naturalist* **63**: 250.

### 1939

Clarke, W.J. (1938) Giant Squid [*Architeuthis* sp.] near Scarborough. *The Naturalist* **63**: 136-137.

Clarke, W.J. (1938) Electric Rays near the Yorkshire Coast. *The Naturalist* **63**: 284.

Clarke, W.J. (1938) White Beaked Dolphins near Scarborough. *The Naturalist* **63**: 288.

Gallwey, E. (1939) Yorkshire Naturalists' Union Annual Report for 1938: Marine Fishes.  
*The Naturalist* **64**: 8-9.

Sheppard, T. (1939) Bank's Oarfish. *The Naturalist* **64**: 92.

### 1940

Clarke, W.J. (1940) *Pecten maximus* at Scarborough. *The Naturalist* **65**: 103.

Hazelwood, E. (1940) Yorkshire Naturalists' Union Annual Report for 1939: Mammalia.  
*The Naturalist* **65**: 4-6.

Hazelwood, E. (1940) Yorkshire Naturalists' Union Annual Report for 1939: Pisces.  
*The Naturalist* **65**: 6-7.

Sheppard, T. (1940) Narwhal Tusks. *The Naturalist* **65**: 223-225.

### 1941

Hazelwood, E. (1941) Yorkshire Naturalists' Union Annual Report for 1940: Pisces.  
*The Naturalist* **66**: 17-18.

### 1942

Hazelwood, E. (1942) Yorkshire Naturalists' Union Annual Report for 1941: Pisces.  
*The Naturalist* **67**: 16-17.

### 1943

Hardy, A.C. (1943) Plankton Ecology in the Service of Man. *The Naturalist* **68**: 1-9.

Hazelwood, E. (1943) Yorkshire Naturalists' Union Annual Report for 1942: Pisces.  
*The Naturalist* **68**: 23.

### 1944

Clarke, W.J. (1944) Ray's Bream at Scarborough. *The Naturalist* **69**: 54.

Clarke, W.J. (1944) A List of Yorkshire Marine Fishes. *The Naturalist* **69**: 97-106.

Hazelwood, E. (1944) Yorkshire Naturalists' Union Annual Report for 1943: Pisces.  
*The Naturalist* **69**: 24.

### 1945

Hazelwood, E. (1945) Yorkshire Naturalists' Union Annual Report for 1944: Pisces.  
*The Naturalist* **70**: 28.

**1946**

Cross, E.R. (1946) In Memoriam: W.J.Clarke, FZS (1871-1945). *The Naturalist* **71**: 19-20.

Hazelwood, E. (1946) Yorkshire Naturalists' Union Annual Report for 1945: Pisces.  
*The Naturalist* **71**: 31-33.

**1947**

Hazelwood, E. (1947) Yorkshire Naturalists' Union Annual Report for 1946: Pisces.  
*The Naturalist* **72**: 28.

**1948**

Hazelwood, E. (1948) Yorkshire Naturalists' Union Annual Report for 1947: Pisces.  
*The Naturalist* **73**: 32.

**1949**

Hazelwood, E. (1949) Yorkshire Naturalists' Union Annual Report for 1948: Pisces.  
*The Naturalist* **74**: 25.

**1950**

Hazelwood, E. (1950) Yorkshire Naturalists' Union Annual Report for 1949: Pisces.  
*The Naturalist* **75**: 26.

**1951**

Hazelwood, E. (1951) Yorkshire Naturalists' Union Annual Report for 1950: Pisces.  
*The Naturalist* **76**: 21.

**1952 Nothing.**

**1953 Nothing.**

**1954 Nothing.**

**1955**

Hazelwood, E. (1955) Yorkshire Naturalists' Union Annual Report for 1954: Pisces.  
*The Naturalist* **80**: 13.

**1956**

Dewberry, E.B. (1956) The Characteristics, Habits and Life History of the Edible Crab.  
*The Naturalist* **81**: 91-96.

**1957**

Hazelwood, E. (1957) Yorkshire Naturalists' Union Annual Report for 1956: Pisces.  
*The Naturalist* **82**: 10.

**1958 Nothing.**

**1959**

Hazelwood, E. (1959) Yorkshire Naturalists' Union Annual Report for 1958: Mammalia.  
*The Naturalist* **84**: 9-10.

**1960**

Hazelwood, E. (1960) Yorkshire Naturalists' Union Annual Report for 1959: Mammalia.  
*The Naturalist* **85**: 11-12.

**1961**

Hazelwood, E. (1961) Yorkshire Naturalists' Union Annual Report for 1960: Mammalia.  
*The Naturalist* **86**: 13-15.

Hazelwood, E. (1961) Yorkshire Naturalists' Union Annual Report for 1960: Pisces.  
*The Naturalist* **86**: 15.

Pashby, B.S. (1961) Ray's Bream (*Brama raii*). *The Naturalist* **86**: 50.

**1962**

Hazelwood, E. (1962) Yorkshire Naturalists' Union Annual Report for 1960: Pisces.  
*The Naturalist* **87**: 17.

**1963**

Govett, R.J. (1963) Yorkshire Naturalists' Union Annual Report for 1962: Mammalia.  
*The Naturalist* **88**: 8-11.

Govett, R.J. (1963) Yorkshire Naturalists' Union Annual Report for 1962: Pisces.  
*The Naturalist* **88**: 11.

Spalding, D.A.E. (1963) A Saury Pike (*Scorpaenopsis scorpaenoides*) at Kilnsea. *The Naturalist* **88**: 23.

**1964**

Govett, R.J. (1964) Yorkshire Naturalists' Union Annual Report for 1963: Mammalia.  
*The Naturalist* **89**: 14-18.

Govett, R.J. (1964) Yorkshire Naturalists' Union Annual Report for 1963: Pisces.  
*The Naturalist* **89**: 18-19.

**1965**

Govett, R.J. (1965) Yorkshire Naturalists' Union Annual Report for 1964: Mammalia.  
*The Naturalist* **90**: 11-14.

Govett, R.J. (1965) Yorkshire Naturalists' Union Annual Report for 1964: Pisces.  
*The Naturalist* **90**: 15-16.

## 1966

Govett, R.J. (1966) Yorkshire Naturalists' Union Annual Report for 1965: Mammalia. *The Naturalist* **91**: 7-10.

Govett, R.J. (1966) Yorkshire Naturalists' Union Annual Report for 1965: Pisces. *The Naturalist* **91**: 10-12.

Spalding, D.A.E. (1966) Whales in Yorkshire and Lincolnshire. *The Naturalist* **91**: 57-95.

## 1967

Clegg, T.M. (1967) Yorkshire Naturalists' Union Annual Report for 1966: Mammalia. *The Naturalist* **92**: 10-12.

Clegg, T.M. (1967) Yorkshire Naturalists' Union Annual Report for 1966: Pisces. *The Naturalist* **92**: 13-14.

## 1968

Clegg, T.M. (1968) Yorkshire Naturalists' Union Annual Report for 1967: Mammalia. *The Naturalist* **93**: 5-7.

Clegg, T.M. (1968) Yorkshire Naturalists' Union Annual Report for 1967: Pisces. *The Naturalist* **93**: 8-9.

Whittaker, D.E. (1968) Marine Fishes at Scarborough. *The Naturalist* **93**: 78.

Whittaker, D.E. (1968) Marine Fishes at Scarborough during 1967. *The Naturalist* **93**: 115-18.

## 1969

Morgan, P.B. (1969) The Biology of 'Old Den' in the Humber Estuary. *The Naturalist* **94**: 85-88.

Simms, C. (1969) Yorkshire Naturalists' Union Annual Report for 1968: Mammalia. *The Naturalist* **94**: 7-8.

Whittaker, D.E. (1969) Cetaceans at Scarborough. *The Naturalist* **94**: 1-2.

## 1970

Feare, C.J. (1970) A note on the methods employed by Crabs breaking shells of Dogwhelks (*Nucella lapillus*) *The Naturalist* **95**: 67-68.

## 1971

Simms, C. (1971) Yorkshire Naturalists' Union Annual Report for 1970: Mammalia. *The Naturalist* **96**: 10-11.

Wheeler, A. (1971) Notes on a collection of Shore Fishes from Yorkshire. *The Naturalist* **96**: 105-107.

## 1972

Massey, [C.] I. (1972) Yorkshire Naturalists' Union Annual Report for 1971: Fishes. *The Naturalist* **97**: 20-21.

Massey, C.I. (1972) Lesser Rorqual stranded at Saltwick Bay. *The Naturalist* **97**: 54.

### **1973**

Howes, C.A. (1973) Yorkshire Naturalists' Union Annual Report for 1972: Mammals. *The Naturalist* **98**: 4-7.

Massey, C.I. (1973) Yorkshire Naturalists' Union Annual Report for 1972: Fishes. *The Naturalist* **98**: 10-14.

Massey, C.I. (1973) Sowerby's Whale stranded in Filey Bay. *The Naturalist* **98**: 28.

Massey, C.I. (1973) White-sided Dolphin stranded in Cayton Bay. *The Naturalist* **98**: 90.

Norris, A. (1973) Conchological Section: Marine Survey, Report of field trips to Scarborough, South Bay; Thornwick Bay; Flamborough and Filey Brigg, 1972. *The Naturalist* **98**: 71-73.

### **1974**

Norris, A. (1974) Report of the Conchological Section: Marine Survey, Report of field trips to Yons Nab, Cayton Bay and Scalby Ness Rocks, Scarborough; Staithes and Fraisthorpe Sands, Bridlington, 1973. *The Naturalist* **99**: 37-38.

Massey, C.I. (1974) White-beaked Dolphin stranded in Cornelian Bay. *The Naturalist* **99**: 106.

### **1975 Nothing.**

### **1976**

Massey, C.I. (1976) Yorkshire Naturalists' Union Annual Report for 1974: Fishes. *The Naturalist* **101**: 73.

### **1977**

Pashby, B.S. (1977) Brent Geese and *Zostera* at Spurn. *The Naturalist* **102**: 85-90.

Price, J.H., Tittley, I. and Honey, S.I. (1977) The Benthic Marine Flora of Lincolnshire and Cambridgeshire: A preliminary Survey Part 1. *The Naturalist* **102**: 3-20.

Price, J.H., Tittley, I. and Honey, S.I. (1977) The Benthic Marine Flora of Lincolnshire and Cambridgeshire: A preliminary Survey Part 2. *The Naturalist* **102**: 91-104.

### **1978**

Massey, C.I. (1978) Stranded Dolphins on the Yorkshire coast. *The Naturalist* **103**: 108.

### **1979**

Waller, G.H. and Tyler, N.J.C. (1979) Observations on *Lagenorhynchus acutus* stranded on the Yorkshire coast. *The Naturalist* **104**: 61-64.

### **1980**

Clegg, T.M. (1980) Mammal Studies in Yorkshire – A Review. *The Naturalist* **105**: 81-87.

Leach, M.C.M., Kearsy, S.V. and Wells, C. (1980) The 1978-79 Survey of Herring Gull (*Larus argentatus*) colonies on the Yorkshire and Cleveland coast. *The Naturalist* **105**: 107-114.

**1981**

Norris, A. (1981) Notes on Yorkshire Mollusca – 3. *Patella intermedia* Jeffries: Its status in Yorkshire. *The Naturalist* **106**: 40.

**1982**

Baker, R.A. (1982) Intertidal Mites found in association with *Semibalanus balanoides* (L.) and *Mytilus edulis* (L.) at Robin Hood's Bay, Yorkshire. *The Naturalist* **107**: 29-31.

**1983 Nothing.**

**1984**

Anon. [Clark, P.] (1984) Chinese Mitten Crabs. *The Naturalist* **109**: 146.

Baker, R.A. and Bayliss, R.A. (1984) Walter Garstang (1868-1949): Zoological Pioneer and Poet. *The Naturalist* **109**: 41-53.

Clark, P. (1984) Recent records of Alien Crabs in Britain. *The Naturalist* **109**: 111-112.

Jardine, I.W. (1984) The Occurrence of *Litorina* spp. In Robin Hood's Bay, North Yorkshire, with a Key to British Species. *The Naturalist* **109**: 3-9.

Rappé, G. (1984) An unrecorded 19<sup>th</sup> Century capture of *Echinorhinus brucus* (Bonnaterre, 1788), a former rare visitor to the North Sea. *The Naturalist* **109**: 113-114.

**1985 Nothing.**

**1986 Nothing.**

**1987**

Howes, C.A., Boyd, M.J. and Cutts, D.B. (1987) A Review of Minke Whale (*Balaenoptera acutorostrata* Lacepede) in the Humber and Yorkshire Waters. *The Naturalist* **112**: 9-14.

**1988 Nothing.**

**1989**

Howes, C.A. (1989) Recent occurrence of Harp Seal *Plagophilus groenlandicus* (Erxleben) in the North Sea. *The Naturalist* **114**: 17-19.

**1990**

Howes, C.A. (1990) A Review of White Whales (*Delphinapterus leucas* Pallas) off the coast and in British waters. *The Naturalist* **115**: 13-17.

**1991**

Howes, C.A. (1991) Recent Cetacean records from Yorkshire waters. *The Naturalist* **116**: 99-101.

Howes, C. A. & Kirk, B. R. (1991) A review of the smelt (*Osmerus eperlanus* L.) in the Humber and Tees estuaries, their tidal tributaries and the tidal waters of Lincolnshire. *The Naturalist* **116**:27-30.

**1992 Nothing.**

**1993**

Howes, C.A. & Phillips, S. (1993) Yorkshire Cetaceans: Strandings and sightings 1885 to 1992. *The Naturalist* **118**: 67-70.

**1994**

Frear, P.A. and Shannon, J.C. (1994) Recent occurrences in Yorkshire of Sea Lampreys *Pteromyzon marinus* (Pteromyzontidae). *The Naturalist* **119**: 43.

Scott, G.W., Johnson, L.J., Crouch, F. and Morris, E. (1994) Evidence for increased levels of Imposex in *Nucella lapillus* (L.) Populations on the North-east coast of England. *The Naturalist* **119**: 139-144.

**1995 Nothing.**

**1996**

Scott, G.W., Johnson, L.J., Crouch, F. and Morris, E. (1996) Avian habituation to recreational disturbance on the North Yorkshire coast. *The Naturalist* **121**: 11-15.

**1997**

Vaughan, N. and Vaughan, R. (1997) Changes in populations of Kittiwakes *Rissa tridactyla* and Common Guillemots *Uria aalge* breeding on the Flamborough Headland, 1967-1994. *The Naturalist* **122**: 3-11.

**1998**

Howes, C.A. (1998) Basking Sharks *Cetorhinus maximus* (Gunnerus) stranded on the Yorkshire coast. *The Naturalist* **123**: 101-102.

**1999**

Baker, R.A. (1999) The Reverend Thomas Huncks FRS (1818-1899) and his Family: Their Yorkshire connection to Natural History. *The Naturalist* **124**: 59-65.

**2000 Nothing.**

## 2001

Curtis, W.F. and Dale, J.E. (2001) Yorkshire Naturalists' Union Excursions in 1999: Flamborough & Bempton (VC61) 19 June 1999: Ornithology. *The Naturalist* **126**: 39.

Norris, A. (2001) Yorkshire Naturalists' Union Excursions in 1999: Ravenscar (VC62) 15 May 1999: Conchology. *The Naturalist* **126**: 31.

Norris, A. (2001) Yorkshire Naturalists' Union Excursions in 1999: Ravenscar (VC62) 15 May 1999: Other Invertebrates. *The Naturalist* **126**: 31.

Norris, A. (2001) Yorkshire Naturalists' Union Excursions in 1999: Flamborough & Bempton (VC61) 19 June 1999: Conchology. *The Naturalist* **126**: 39.

## 2002 Nothing.

## 2003

Massey, C.I. and Howes, C.A. (2003) The Hooded Seal *Cystophora cristata* (Erxleben, 1777), a new mammal for the Yorkshire coast. *The Naturalist* **128**: 37-38.

## 2004 Nothing.

## 2005

Curtis, W.F. (2005) Yorkshire Seabirds: A Review of Breeding Species. *The Naturalist* **130**: 37-58.

Howes, C.A. (2005) The Humpback Whale *Megaptera novaeangliae* in the North Sea: Historical context for the first Yorkshire coast and Dutch records. *The Naturalist* **130**: 105-108.

## 2006

Norris, A. (2006) Yorkshire Naturalists' Union Excursions in 2005: Filey (VC61) 21 May 2005-Conchology. *The Naturalist* **131**: 139-140.

Norris, A. (2006) Yorkshire Naturalists' Union Excursions in 2005: Filey (VC61) 21 May 2005-Marine Flora and Fauna. *The Naturalist* **131**: 140.

Lindley, D. and Wardhaugh, A.A. (2006) Yorkshire Naturalists' Union Excursions in 2005: Sandsend near Whitby (VC62) 18 June 2005- Conchology. *The Naturalist* **131**: 141-142.

## 2007 Nothing.

## 2008

Howes, C.A. (2008) The Harbour Porpoise (*Phocoena phocoena* Linn.) in inland tidal water bodies in Yorkshire, Humber and adjacent regions. *The Naturalist* **133**: 113-120.

## 2009

Howes, C.A. (2009) Charles Ian Massey 1939-2008. *The Naturalist* **133**: 34-36.

Mander, L., Eades, R. and Cutts, N. (2009) Occurrence and distribution of marine mammals off the Holderness coast: Sightings made during aerial seabird surveys. *The Naturalist* **133**: 129-134.

## 2010

Howes, C.A. (2010) Sperm Whale *Physeter macrocephalus* strandings on the Cleveland, North Yorkshire and Humber coastlines. *The Naturalist* **135**: 203-208.

Howes, C.A. and Crowther, P. (2010) The Northern Bottlenose Whale *Hyperoodon ampullatus* (Odontoceti: Ziphiidae) in Yorkshire waters, with notes on its migration, feeding Ecology and the discovery of photographs of the stranding at Spurn 28 July 1930. *The Naturalist* **135**: 195-203.
